Event center is open year-round but is subject to owner availability and discernment.

Wedding Receptions or Large Group Meetings:

We will provide tables and chairs for up to 400 people. The building comes complete with Christmas lights and white tulle on ceiling as decoration. Ceiling decorations are not to be changed unless given permission by owners. There is a bar available for your use (we will not supply or serve the alcohol). If you do not want it, we will move it out of the way.

We will also supply 2 indoor bathrooms. The climate-controlled bathroom is located in the basement of the house next to the event center, but separated and locked from the rest of the house for privacy. The utility bathroom is located in the shed and is perfectly functional.

There is 1 refrigerator/freezer, 4 large trash containers and an insulated storage room. We have many electrical outlets available throughout the building.

Cooling is not available at this point. We do, however, have a 400,000 BTU heater that can raise the temperature in the building 30-40 degrees. We recommend opening the doors in the summer to move some air and shut the doors on cold days. We also recommend summer events to be late in the evening or early in the morning. While this may not always be ideal with Kansas weather, it should not affect the enjoyment of the event too much if the recommendations are followed! Renters are free to provide their own fans or portable AC.
